NEWSPAPER INDEX**

January – December 2003

Indexing *The Hour* of Norwalk

Produced by the staff of:

REFERENCE DEPARTMENT
NORWALK PUBLIC LIBRARY

Valentina Kramer

Norwalk Hour Newspaper Index

January – December 2003

Introduction

The purpose of this detailed index is to provide quick retrieval of articles of local interest in the Norwalk Hour. For most topics, articles pertaining to Norwalk, Weston, Westport, and Wilton have been indexed. For business topics, all of Fairfield County has been included. Many articles are indexed under several subject headings.

For national and state news, please refer to such indexes as the *New York Times Index*, *Wall Street Journal Index*, Proquest and EBSCO databases accessed through researchitct.org

The Norwalk Public Library has holdings of *The Hour* on microfilm from 1895.

The subject headings used in the index are based on the Library of Congress Subject Headings, with new terms created as dictated by the local nature of the index, or where more common nomenclature than that used in LC is appropriate. Some examples of terms not found in LC are:

BUILDINGS-ZONING VARIANCES
ART GALLERIES-NAME OF TOWN
BOMB THREATS-NAME OF TOWN
PARKING FINES-NAME OF TOWN
GENERATION GAP
DRUG DEALERS

To enhance the usefulness of the index, many topics are subdivided by the name of the town, in accordance with LC practice. For example:

ARRESTS-DRUGS-WILTON
ELECTIONS-WESTPORT
EDUCATION-WESTON

In some cases, the town name precedes the topic. This is true for government departments, history, and local economic changes and developments. For example:

NORWALK-COMMON COUNCIL
NORWALK-COMMON COUNCIL-ORDINANCE COMMITTEE
NORWALK-EDUCATION, BOARD OF
WESTPORT-PUBLIC WORKS, DEPT. OF

References to articles on organizations and business establishments may be found under their full names as verified in the telephone book, annual reports, etc. The words A, AN, and THE are omitted when they appear at the beginning of names. For example: Articles on THE BULLPEN are indexed under B, as BULLPEN.

Most articles about businesses are listed under the name of the company only. If an article contains much information about the type of product that the firm produces, or the type of service it provides, it is indexed under that as well.

Only local theatrical, musical, and artistic productions are indexed. Also, only local restaurant and club reviews are indexed. In general, announcements of upcoming meetings, events, or performances are not indexed, unless there is particular local significance.

Articles on town-sponsored and school-sponsored sporting events are indexed. These include articles on regularly scheduled, play-off, and championship games. Photos accompanying these articles are indexed under the name(s) of the local athlete(s) featured in the captions.

Examples of entries are: FOOTBALL-WILTON
 NORWALK HIGH SCHOOL-SPORTS

Cross-references (SEE and SEE ALSO) are used liberally to direct index users from one term to another. For example:

CARVER CENTER. SEE GEORGE WASHINGTON CARVER CENTER
BOATS AND BOATING. SEE ALSO CONNECTICUT BOAT OWNERS'
 ASSOCIATION

References to an individual are indexed under the person's name if the article or photograph features a local person prominently. Photographs of groups of more than 4 persons are indexed under the name of the organization they represent, or if no organization is identified, under the subject heading that best describes their joint venture. For example:

 CHILDREN'S CONNECTION OF FAIRFIELD COUNTY, INC.
 CHILD CARE

Since the index will be used by genealogists, all local/regional birth, marriage, and obituary announcements that appear in *The Hour* are indexed. These are arranged in alphabetical order under the appropriate subject heading in a separate volume. A cumulative index of births, marriages and obituaries can be found at the Norwalk Public Library or through the library's web site.

Although the librarians have made every effort to provide an accurate index, errors may occur. Should you find any, kindly notify the Reference Staff of the Norwalk Public Library, so that the next edition may be corrected.

It is the intent of the indexers to be objective and unbiased in categorizing articles that have appeared in the publications included. Mention of an article in the index implies neither endorsement of nor opposition to the topic covered, or the way in which it is reported. Please, note that June and July 2003 issues are missing from this index.

The index is produced by the Norwalk Public Library with the generous support of *The Hour*.

Norwalk Hour Index January - December 2003

A

AAA CONNECTICUT MOTOR CLUB

In brief: Motor club offers 5% gas rebate.
3/20/03 pC1
