

## Norwalk Public Library Wireless Internet Access Policy

Norwalk Public Library provides wireless Internet access for patrons using personal laptop computers equipped with a wireless network connection.

The Library's wireless network is not secure. Information sent from your laptop can be captured by anyone with a wireless device and appropriate software within or near the Library. Library staff cannot provide technical assistance. The Library assumes no responsibility for the safety of your equipment or for any alterations or loss of configurations, security, or data files resulting from connection to the Library's wireless network. Printing capability is not available.

**Important Notice:** By choosing to use this free wireless service you agree to abide by [Norwalk Public Library's Internet Policy](#).

Norwalk Public Library reserves the right to require individuals to discontinue the display of information or images which could cause a disturbance in this, a public building. Norwalk Public Library reserves the right to deny wireless access to anyone at any time and can make no guarantees about the availability or proper function of this service.
